AN ITALIAN LABOR EXCHANGE

To Be Established in New York-Move on Part of Home Government.

New York, Feb. 7.—The Italian government has just come down with a subsidy of \$30,000 a year for an Italian labor exchange in New York. This is part of an organized attempt by Italian citizens of the United States, combined with the Italian authorities at home, to best the padrone system. The exchange will probably be in working order by next summer, when the great crush of immigrants comes. The Italian government took the first step in caring for its emigrants in 1991, when it imposed a tax of \$1.60 a head on all steerage passengers leaving Italy. The prohands of an immigration commission, of which the present head is Admiral Raybaudi. The commission has used the money in advising emigrants as they leave Italy, in investigating labor conditions in the two Americas, and in helping the Italian societies abroad. Last year the commission sent Chevalier Rossi, a labor expert, to study conditions in the United States. He reported that Barre, Vt., Feb. 7, 1906.

Eggs are firm and bringing better prices. Dressed pork is high and veals in good dealed. We quote wholesale ecessors of Northern nations, do not seem inclined to buy farms and settle up the country. He joined with the committee of Italian Americans in recom-mending the bureau. On February 3 the commission met and voted \$20,000 a year, "or more if needed,," to subsidize a labor exchange in New York. Ac cording to present plans the exchange will be incorporated by a number of Italian merchants, bankers and professional men. It will make connections with employers of labor in the West and South, and will see that the wages are fair and conditions good. It will keep lists of the contractors wanting labor, and will try to induce all immilabor, and will try to induce all immigrants landing at the Battery to work with the exchange rather than with the padrones. To that end agents will see, the steerage passengers when they leave Italy, and when they land at Ellis island. More especially, the exchange will work to start immigrants into farming for the exchange. for themselves

### MINERS ASSAIL LEADERS. Resolution Demands Resignations of

Dolan and Associates. Pittsburg, Feb. 7 .- At yesterday's ses sion of the district convention of the United Mine Workers of America the resolution demanding the resignations of President Patrick Dolan, Vice President Uriah Bellingham, and Secretary Treasurer Dodds for the action in voting to accept the old wage scale at the In diapapolis convention was again intro

Following the presentation of the reolution there was a repetition of Monday's stormy scene when the same mo pain poisons originate in your food, but ties was defeated because it was not some day you may feel a twinge of properly presented. The resolution was properly presented. The resolution was placed before the convention by the ommittee on resolutions and a vigorous debate took place among the excited

## Marvellous Cure of Rheumatism by

"Four years ago I was taken with An rheumatism. I lost the use of my hands and had to go to the hospital, but did not get any relief. I also had it in my limbs and body and could not walk for six months. I was a patient in the Homeopathic Hospital, the Emergency Hospital, and the New England Hospital, and did not get any relief from any of them. I also went to the Fourth Grade Hospital in New York. Some of Boston's best physicians attended me and still I found no relief. For three years I could not do any work at all, but for the last year, since using Minard's Liniment, I am able to do all my housework. I think that I know the worth of Minard's Liniment better than any person who has ever suffered with rheumatism. Hundreds of people who know of my suffering give Minard's Liniment the praise. wish that every one knew the worth of this Liniment as I do. Yours truly, Mrs. Emma B. Williams, 62 Sawyer St., Boston."
